2. **American Robotics Academy**

Ages: Kindergarten-4th Grades

Class Times(s): Wednesdays at 3:30-4:30pm

Dates: August 31-November 16

Imagineers | Kindergarten-2nd Grades

It's time to take your building to the next level. In the Imagineers program, students are tasked with structured building. Learning how to put pieces using LEGO elements together to create a structure, whether it be a car, house, bridge, etc. Structural Integrity is an important part of the Imagineers curriculum. Emphasis is put on not just making "cool" creations but understanding what materials and designs will keep their builds safe and sound. This class will emphasize the importance of the fundamentals of building and set the groundwork to not only make their creations structurally sound, but also prepare them to make their creations move once they get into primary grade levels in our afterschool robotics program. Become the architect of your dreams in our Imagineers program. The possibilities are endless.

Crazy Action Contraptions | 2nd-4th Grades

Here's your chance to be creative and a little wacky, too. We'll be making some very "crazy and bizarre" contraptions that will truly amaze you. Your imagination can go "wild" with ideas on how to create even more complicated mechanical wonders. With motors, gears, pulleys, wheels of various sizes, and tons of other cool LEGO pieces.

7. **IDEA Lab Kids - Science Fun!**

Ages: Bridge Kinder-5th Grade
Class Time(s): Mondays 3:30-4:30PM
Dates: August 29-November 28

Students will learn the fundamentals of nature and the history of science in this module. Students will explore the beginning steps of the scientific method and put those to use through hands-on projects that develop their critical thinking and deductive reasoning. As they utilize the scientific method, they will be creating models of various significant scientific inventions to test their hypotheses.

Skills Learned:

Using the scientific method
Deductive reasoning
Critical thinking
Hypothesis making
Hand-Eye Coordination

11. School of Fine Arts at Houston's First Baptist Church

Ages: All ages
Class Time(s): Monday-Thursday from 12:30-7:30PM

Our mission at the School of Fine Arts is to develop and educate our Houston's First family and community to help realize their fullest potential for service in ministry at their local church. We accomplish excellence in musical education through private lessons, group classes, and performance events throughout the year. Our teachers are some of the most qualified in the surrounding Houston area. All are welcome to take lessons, inside and outside the church. We are continually expanding and pursuing excellence as we seek to inspire the same in others.
