2. **American Robotics Club**

Kindergarten-5th Grade

Class Times(s): Tuesdays from 3:45-4:45PM

Imagineers | Kinder-2nd: It's time to take your building to the next level! In the Imagineers program, students are tasked with structured building. They learn how to put pieces together to create a structure using LEGO elements. An emphasis is put on not just making "cool" creations but understanding what materials and designs will keep their builds safe and sound. Become the architect of your dreams in our Imagineers program!

Brick Slayers - Freshman Robotics | 3rd-5th: The journey begins with creative brainstorming, time management, basic engineering concepts and team communication. Students will work in groups to build a diverse range of vehicles using LEGO elements. The class will discuss basic mechanics and key concepts of engineering that will allow you to build the best Brick Bot you possibly can. Here is your chance to learn about gears, traction, speed, torque, and other concepts. It's time to go where no brick has gone before!
